

4-H Hero – Caroline Westarp

Caroline Westarp is a kind, considerate friend and neighbor. She is very thoughtful and can always make time to spend 2 minutes with a friend. Caroline was a very enthusiastic, active 4-H member. She spent about 7 years in our Gabriola 4-H club with her horse project Satine. Caroline went up to bat and was part of the executive committee. She also excelled in other areas such as public speaking and showmanship. Currently Caroline is a vet at 100 Mile House for large and small animals alike. She has adopted a dog and a 3-legged cat from the SPCA along with a stray cat from Mexico. She has given these animals a loving home and a second chance. Caroline makes a difference in her agriculture community by being such an empathetic veterinarian. It is such a blessing to have such an understanding person handling your animals. For this reason and others Caroline Westarp is my 4-H hero.
